- *The Council of the Presidency will propose this schedule for approval by the capitulars; for this reason there may be changes.*
- *The Liturgical Commission has arranged for the various celebrations (Morning and Evening Prayer, Eucharist) to take place in different ways; each week some are in common and others in language groups in 7 chapels. Each day one of these celebrations will be in common. Midday Prayer will be celebrated at the beginning of the afternoon plenary session.*
- *Each friar will provide personally for his time of daily mental prayer.*
- *The time after supper is given to recreation or to meetings *ad libitum* among capitulars. This time can also be used for other kinds of meetings, such as of conferences or between them, etc.*
